

# LED 300W Beam Moving Head

CE   IP20 LED   $\phi 2mm$   $t_a 40^{\circ}C$   $t_s 150^{\circ}C$

## User Manual

Thank you for choosing our LED 300W moving head light. For your own safety, please read this manual before installing the device. This manual covers the important information on installation and applications. Please install and operate the fixture with following instructions. Meanwhile, please keep this manual well for future needs.

## 1. Safety Tips

To ensure your safety and correct use of lamps. Please read the following safety tips carefully before use to avoid unnecessary failures and injuries.

1. Non-professionals, do not disassemble the lamps and their accessories without authorization.
2. Rated voltage range: AC110V — 120V/250Hz or AC200V — 240V /50HZ (must be selected).
3. Do not irradiate the light beam on flammable objects, and keep a distance of at least 1M between the lamp and flammable objects.
4. The ambient temperature of the lamp: -15℃ -40℃ , the highest temperature of the lamp surface is 40℃.
5. Keep the lamps away from liquid substances and humid environments.
6. Before using the lamp, make sure that the lamp is well grounded, and do not install or remove any parts of the lamp with power on.
7. When installing the lamps, the fixing screws must be fastened, with safety cables, and regular inspections.
8. It is recommended that the continuous working time of the lamp should not exceed 20 hours.
9. During use, if the lamp is abnormal, stop using the lamp in time.

## 2. Specification

### **Power consumption**

- Input Voltage: AC90-260V 50/60Hz
- Power:500W

### **Lamp**

- Main light use 300W WHITE LED,8000K
- 16 RGBW Cree LEDs for HALO Effect
- 20000 hours lifelong time

#### Optical

- Beam angle:3°
- Liner dim: 0-100%
- Strobe: 0-20s

#### Color wheel

- 1 color wheel: 7 wheels+Blank

#### Gobo Wheel

- 1 rotating gobo wheel: 7 changeable gobo wheel+1 blank
- 1 fixed gobo wheel: 8 fixed gobo wheel+1 blank

#### Prism

- A 16 prism and a honeycomb prism, can be superimposed, variable speed rotation

#### Frost

- Independent fog lens, soft light

#### Focus

- Electronic focusing: ultra-smoothly adjust the focus, adjust the sharpness of the pattern

#### Scan

- Driven by a three-phase motor, fast, quiet, with automatic error correction and reset
- Pan: 540°
- Tilt: 270°

#### Cooling system

- Use powerful silent fan
- Temperature protection function: when the device temperature reaches 40, the fan starts to rotate, when the device reaches 70°

**Control**

- International standard DMX512 signal control connection
- Control channel mode 25/18CH
- Product size: 330(L)\*230(W)\*560(H)mm,
- Product weight: net weight: 15.7kg, gross weight: 20kg
